

“First Love” / M. Dukurs

•
your eyes
stole all my words away
worlds change
when eyes meet
all what it takes
is two
beautiful souls

**first love
hurts the most
and i've been there
more than once**

**first love
hurts the most
when you both get hurt**

..
your eyes
stole all my words away
again
my universe
i know it's you
cause there's always more
than meets the eye

...
Holy Father
forgive me for my sins
God forgive me
for my mistakes

Love
make me whole again
